Lisbon 2010

With over 40 years of teaching experience the Lisbon college offers a wonderful central city study environment to suit ALL linguistic needs from beginner through to the advanced learner (across 7 language levels on general language courses). A great range of Portuguese language courses on offer particularly small group tuition and exam preparation.

The school is located in three centrally placed buildings all within walking distance of one and other. In total there are 20 classrooms, a computer room (with free email access), a library, kitchen with free coffee and water and a study room. It is 5 minutes by metro from Marquês de Pombal Square and the heart of the old town.

Spread across seven hills and hugging the banks of the River Tagus estuary, Lisbon was at its zenith in the 14th & 15th c., when its explorers investigated the world's oceans. 21st c. Lisbon is again a vibrant, cosmopolitan & creative city that successfully marries the historic with the modern. At it's best on languorous summer evenings, when the pavement cafes and riverside restaurants bustle with life. It is a city where enjoying life and taking time to appreciate it is still paramount.
