Malaga is a historic city, a busy sea port and home to the Picasso Art Gallery. The college is located to the east of the city centre in a tranquil residential setting, back (and 10 minutes up the hill) from the sea front ~ long golden beaches, bars, restaurants and cafes galore.

Campus facilities include 25 classrooms (with air-con), on site residential accommodation, a sun terrace, internet access, a multimedia room, a cinema & dance studio, a restaurant & bar and an outdoor pool (generally available April/October for swimming). The Spanish teachers are all native speakers of Spanish, with University degrees, who specialise in teaching Spanish as a second language.

Gemma : Languages for Life

"My Spanish really improved over 3 months, In part due to the method used, in part to the cool teachers but mainly because I had such a good time!"

The weather was good and I spent a lot of time at the beach or by the pool. I've made so many friends, built up my confidence and experienced so much.

I only wish every year was my Gap Year in Malaga! "
