Course notes	<b>Summer Programme: Very popular Teenage Summer Programme, early reservations highly recommended.</b> Lessons are held in PM (so no excuses for being late to class!) plus a full activity programme during the week and one Saturday excursion every 2 weeks. Morning activities include a cultural trip into Malaga, cookery lessons, sports, boat trips etc. The college arranges a party and a full day excursion at the weekend for each 2 week stay. The PLUS package programme includes residential accommodation (no meals). You can book a 2 way transfer as an <b>extra cost</b> . Strongly recommended if this is the first time you have travelled abroad alone.
Accommodation notes	<b>Accommodation proximity to college:</b> The residence is on site, so students have ready access to all college facilities. Private households are generally no more than 20/30 minutes on foot, one way. Student apartments can be quite a distance from the college (if booking Style B apartment option). <b>College Residence:</b> On site, modern campus with great facilities (including an out door pool) and is on the same site as the language college. Just up the hill from the seafront, cafes, bars and only 15 mins along the front, by bus from the centre of Malaga. Triple or double, shared rooms (you don't have to share with friends) or single rooms are offered in the residence. Each room has its own small en suite bath or shower room with wc. No meals are included in the cost - students pay as they go for meals either on site, along the sea front or in town. In addition the residence offers executive rooms for one person or couples, with en suite bathrooms, TV, fridge and small private balcony. Generally reserved for adult language learners on other courses, but can be booked by Teenagers, on request (but please book early!) Residence becomes very busy during the summer months and <b>will become fully booked</b> , particularly in the last two weeks July/ first two weeks of August. College residence: On site accommodation.
