CESA Languages Abroad

Granada

2012

A prestigious university city, Granada has a large student population & a buzzing night scene ~ a place of contrasts; Christian & Islamic, narrow dark streets & expansive open vistas. It is famous for the Alhambra, its Arabic heritage, the caves of Sacromonte, and the gypsies who lived there and developed Flamenco. Granada is situated right next to the Sierra Nevada mountains, set inland, one and a half hours north east of Malaga. It is famed for it's narrow, cobble stoned streets and the white washed houses of the Albaicín, the old Arabic quarter. Students also love the numerous squares with terrazas, perfect for sitting and watching the world go by.

The language school, est. in 1987, is located just off a cobbled street, in a house with a private garden and wonderful views across the hills to the Alhambra Palace. The college has 7 classrooms, internet access, a library and a cafeteria. It offers a relaxed, informal environment for language learning and specialises in offering small group classes and private tuition. It is within easy reach of the city centre by foot. The busiest study periods of the year occur during the long Spring & Autumn months. Not far from the school, buses depart for the Sierra Nevada mountains and the Mediterranean coast almost every hour. Almost all student accommodation is located just a short walk away. The college suits Gap Year, uni & graduate students and adults looking to improve for career, academic or personal reasons.

Elizabeth: Intensive Course

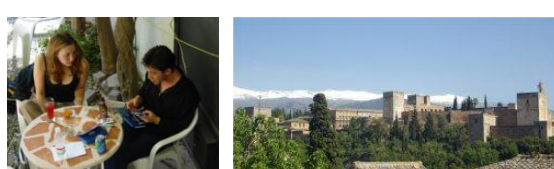

“I expected quite formal lessons in a similar way to school. Lots of grammar and writing! The style of the school was very different; it was very relaxed and fun. It never felt like you were working hard even though you were learning a lot. They used so many different methods to teach that there was always a variety but it was a continuous reinforcement of what you had learnt.

All the lessons were excellent! The teachers were quick to learn names and to learn strengths and weaknesses. The teachers were a great team and one lesson flowed into the next seamlessly. The personalities of the teachers were vital to the teaching style and this is why the school worked so well.”

Ben: Languages for Life

“I needed to work on my Spanish prior to reading French & Spanish at Uni. I’d only studied Spanish to AS level, so was conscious it was weaker than my French. I went for CESA’s 12 week Languages for Life (A) course because it was such good value.

The college was chilled, the staff friendly and all the students wanted to socialise. We tended to hit the bars rather than clubs, which suited me and I even got to ski in the Sierra Nevada mountains. I went out to Granada to work and ended up having a blast. Great course, great people – good times!”
