CESA Languages Abroad

Madrid

2012

With over 60 years of teaching experience, and between 100 /250 students studying each month the Madrid college offers a fabulous language learning environment for ALL linguistic needs from beginner to advanced learner (and to a wide range of ages as well). Madrid is a vibrant city with plenty to see and do, day and night, year round and is a firm favourite with CESA language students.

The Spanish school in Madrid is located in a typical town house in the prestigious Salamanca district and only 7 minutes by metro from Puerto del Sol. It is just a few minutes walk from Retiro Park and the Prado Museum.

Students love the friendly atmosphere at the School. Facilities include 25 classrooms, some with a TV, video and audio machines. There is also a video-room, library and a student lounge for students to relax at break. There are also computers available for students to use and Wifi throughout. The college teachers are all native speakers of Spanish, with University degrees, who specialise in teaching Spanish as a second language.

The college has proved very popular with Gap Year and graduate students requiring longer term courses or preparing for the Spanish DELE exams and also short courses for career, academic or personal reasons are also catered for with a great range of course options.

Shezre : Intensive Course

"I loved the school, its situation, staff and students. The school is located opposite the Retiro Park, which was great. The staff were lovely, very friendly and approachable. The students were of all different ages and from different places but there were a lot of really wonderful people. The lessons differed greatly from week to week."

Tom: Languages for Life

"I've fallen in love with Madrid and the Spanish language – thanks CESA! What a great 12 weeks. I meet so many great people and had such a good time. The night life is fantastic, the clubs are really student friendly – and the Madrileños let you practise your Spanish on them!"

Sarah : Standard Course

"My time in Madrid was the most fun I've had ever! I met so many people through the school from all over the world and I am still in touch with many of them now 2 months on. Madrid is an amazing city with so much to do and the people I met there were all very welcoming, friendly and lively. I felt through my 5 weeks my Spanish improved a lot. You can't speak any English in the Spanish language school and everything is taught completely in Spanish. At first, this frightened me and although it was challenging to begin with, it is in my opinion the best way to learn a language. I feel confident now when speaking Spanish, where I struggled with that before. What's more is the teachers at the school are AMAZING. They are all so lovely and actually make the classes fun. You chat away in Spanish about absolutely everything, you play games, you listen to music – its great and helps so much."
