Munich

2012

With over 40 years of teaching experience the Munich college, caters for ALL linguistic needs, can prepare students for the "Zertifikat Deutsch" exams and provides an excellent study environment. German language courses concentrate on developing detailed general language skills. The college is particularly good for Languages for Life and Private Tuition students and has proved very popular with past CESA students.

The college consists of 10 classrooms, a media centre with internet access, language lab & a cafeteria, with an on site student residence (very simple rooms, a basement party room, table tennis room, music practice rooms, and a roof terrace with a view of the Alps), just a few tram stops from the heart of the city, within easy reach of Marienplatz, the Alter Hof (the original royal residence) and the world-famous Hofbräuhaus and the Englischer Garten.

With a strong cultural scene, fabulous art collections and great shopping, the city, also home of BMW cars and centre of the German film industry, has plenty to offer. From warm summers relaxing in garden restaurants, to snowy winters exploring romantic Christmas markets, Munich is a place to visit all year round.

Munich 2012

Ms Lynch: Private Tuition

"I had two teachers who took turns teaching which I found very helpful. I found that they were both creative in their methods of teaching and balanced the time well between speaking, grammar, reading and writing. I felt like I learnt a lot in a short amount of time."

Hannah: Languages for Life

"My German improved significantly. The best part of the course was the opportunity to really practice spoken German. I thoroughly enjoyed Munich and Bavaria. I met a number of native Bavarians with whom I was able to practice my German, as well as many students from other countries. There was good interaction between teachers and students. The school was friendly and welcoming. I would definitely go again, my most memorable moments were my fellow students and going to watch Bayern Munich play football!"
