Tom : Standard Course

"Having not enjoyed languages at school I had only a vague hope that I would be able to communicate in simple Spanish. By the end of the course (4 wks) my expectations were surpassed, linguistically and generally. I was still a long way off achieving anything close to fluency, however I had gained a great deal of confidence in terms of being able to try out the language at every opportunity. The lessons were superb, challenging but very interesting and enjoyable. The class size was just right (around 8 people) and our professor (Alberto) encouraged everyone to participate."

Katherine : Languages for Life Course

The best parts of my course was meeting so many people and realising you can hold a conversation with someone in another language, and being in Seville. The worst part of my course was sitting in front of the class and doing a presentation, it was a bit daunting!
It was fabulous having a mix of younger and older students on the course from all sorts of different countries, it made everyone really enthusiastic about being in Seville! Everyone I mixed with at the college was really friendly and lots of fun.
