French Summer A level Revision

Nice 2014

This French programme covers the range of linguistic skills required by exam students of this level. The final day of the course is set aside for a mock exam, in test conditions. It is designed for high school students who want to improve their French in Nice, with a view to exams, which marks the end of their school education.

Morning lessons are devoted to grammatical and functional aims as part of the school's Standard Course.

The afternoon lessons are reserved for résumé techniques and text analysis. This is also when A level focused work is corrected and analyzed by the teacher.

1 to 2 hours per day after lessons are dedicated to homework / All text material used in lessons deals with French literature and civilization / Tutors are all native speakers who are also professional teachers of French as a foreign language.

NB: The programme is designed to be a TWO week course, so whilst students are welcome to attend for one week only, please bear in mind you are completing half of a 2 week course.

If you're looking for a **demanding full immersion French course**, staying with local French hosts – this is the course for you!

Past CESA students have loved living in Nice & experiencing the Riviera lifestyle. It is best suited to the older teenager. It's always popular and becomes fully booked ~ so early reservations are advised!

This French A-level revision course has been put together to help AS & A2 level language students (and European equivalents) overcome any linguistic weaknesses, giving them the confidence to communicate effectively in French and to develop their French language knowledge.

The course is a more academically demanding course than many other French Summer Teenage programmes and aims to stimulate student interest and keep the lessons dynamic.

French Summer A level Course Notes

College Description:

The Nice French college has an excellent academic record and offers a year round language college for students aged 16yrs+, during the summer students aged 16/20yrs are taught on a separate college site.

The **Summer College** is situated to the north of central Nice, near the Roman arena and the Matisse and Chagall museums. The school offers 12 classrooms, a snack bar and a large garden, where students can relax during breaks.

Language students can follow a one or two week French course, in this beautiful Riviera location. The course is appropriate for teenagers who are independent, and mature enough not to require constant direction from group leaders.

Meals:

Breakfast and the evening meals are taken with the hosts. Students make their own lunchtime arrangements.

Curfew:

Teenagers aged 16/17yrs old will need a signed parental permission to be able to go out in the evenings.

Parents must indicate that either:

- 1/ no permission to go out is given
- 2/ students are free to go out up to 11.00pm in the week & at the weekend
- 3/ students can go out in Nice without restriction

French language students, over 18 years of age are not subject to parental permission rules. NB: Parents cannot set alternative curfews as the college is unable to police them.

Cultural activities:

A range of activities are offered at extra cost. Students are advised of the options offered each week once in France via a notice board in the Centre. Although the close proximity of the beach and the facilities of Nice tend to encourage most students to make their own entertainment out of class.

Private study:

Students will be asked to complete some homework tasks each night in preparation for the following day's classes.

Course places:

We recommend that students book their Summer course place as early as possible, to avoid disappointment.

Public Holidays:

Lessons lost are not made up: 14 July & 15 Aug 2014
A free excursion is offered instead of classes.
